

## Roadside Package Delivery Instructions

**Contents:**

- Bag
- Medical Kit
- Roadside Kit
- Emergency Warning Triangle
- Fire Extinguisher

This bag contains safety and emergency kits. Please read instructions to learn about the contents and locations to store the kit. It is the customer's responsibility to store the kit as described in this brochure.

**Pre Delivery Assembly Instructions**

Place the Fire Extinguisher bottle in the designated place inside the bag and secure with the straps.

Hook to be connected to designated places when bag not in use.

It is advised NOT adding any other components to this bag to avoid extra weight and to keep everything easily accessible at emergency situations. Contents should be stored in designated spaces in the bag when not in use. Bag Strap and hook should be hooked to designate places (shown below), at all times when not in use.

**Storage Options:**

**Sedans**

Install in the trunk. Attach retaining strap to the D-Rings.

**Pick Ups**

Install behind Driver or passenger seat. If bench seat exists, place the kit behind the bench seat for better accessibility.

**Crew Cabs**

Install under the rear passenger seat. Attach the strap to the seat frame.

**SUVs**

Install in the Cargo. Attach the retaining strap to the tie-down rings on floor or on the side walls.
